Sourcing your needs professionally

Message from Chairman

I am delighted to present our establishment to you and our proud to have continually delivered the right Engineering and Construction Solutions for our Public and Private sectors / Client since its inception.

In every Project that we executed, there is a story behind it, a Personality ingrained by those who designed and build it. No matter what our client's project challenges, we will offer the smart people who are skilled with the desire and dedication to get the job done according to the specification of our Valued Client's.

We don't just build public and private infrastructure; we make commitment to understand our client's need and offer an end-to-end solution to every project either of its Size and Location. Our creative approach, value for our client's and strategic planning in execution is what makes us stands out from the crowd. Anyone can build, but we build it better and stronger. We have the best human resource who are experienced in their respected field whom our biggest pride. We Value and Respect not only our client's but our Human Resources as well because they are the Backbone of our establishment.

***“Exceeding Expectations, But never your Budget”
that's our commitment to all of our client.***

Corporate Overview

RAS Arabian General Contracting est. was established in 2016 with a unique vision of rendering services to the field of Construction, Maintenance and Supporting activities.

We committed with an intention of providing high quality Specialized mechanical, civil, electrical services, every client, and project is valued. Our mission is to build innovative and sustainable environments with creativity, care, and value.

In turn, we believe we make a real difference to the success of our clients' projects. Detailed planning and critical analysis along with a continuous commitment to technical excellence are central to our client service proposition. Our main intention shall always be in the services of our valued clients to meet their utmost expectation & complete satisfaction and devoting our maximum efforts and expertise in all our projects. In addition to above we also cover considerable fleet of latest construction vehicles and equipment.

Our Vision

The company vision is to be the leading industrial service provider to deliver a world class services as preferred by our clients.

Our Mission

Our mission is to reach our customers' expectations at all levels with integrity and ensure that we abide by the quality and ethic policies. We focus on continuous improvement by updating technology and staff development and assure the well-being of our employees and the environment in all that we do.

Company Policy

At RAS Arabian General Contracting est., Quality, Health, Safety and Environmental concerns are integral to the business of rendering various maintenance & cleaning services. In pursuit of the above, RAS Arabian General Contracting est. is committed to comply with all the applicable legal & standard requirements connected with Quality, Health, Safety & Environmental practices.

Safety Policy

RAS Arabian General Contracting est. pays every importance to good health, safety performance at all areas of operations to achieve business objectives.

Management is committed to take an integrated approach where managing health and safety forms as a part of the overall business strategy, protection of human resources, properties, environment, and the same commitment will be demonstrated by all levels of supervision in the organization.

Vigorous efforts will extend prevention of accident in all possible ways and implications. We consider the same as an important element in our construction process and are the direct responsibility of our Projects Management Team. We will always comply with applicable Saudi Government regulations, guidelines, and industry norms.

RAS Arabian General Contracting est. assures that projects will be carried out with high degree of safety to attain this objective. Our projects management will strive to provide a safe and healthy environment that is free from recognized potential hazards and will maintain its facilities and equipment at maximum safe operating standards.

This safety program provides specific direction related to the anticipated hazards and sound advice to achieve the maximum safe and healthy work environment.

RAS Arabian General Contracting est. also addresses some of the administrative methods that we have established in line with all Standards relevant to our Clients requirements.

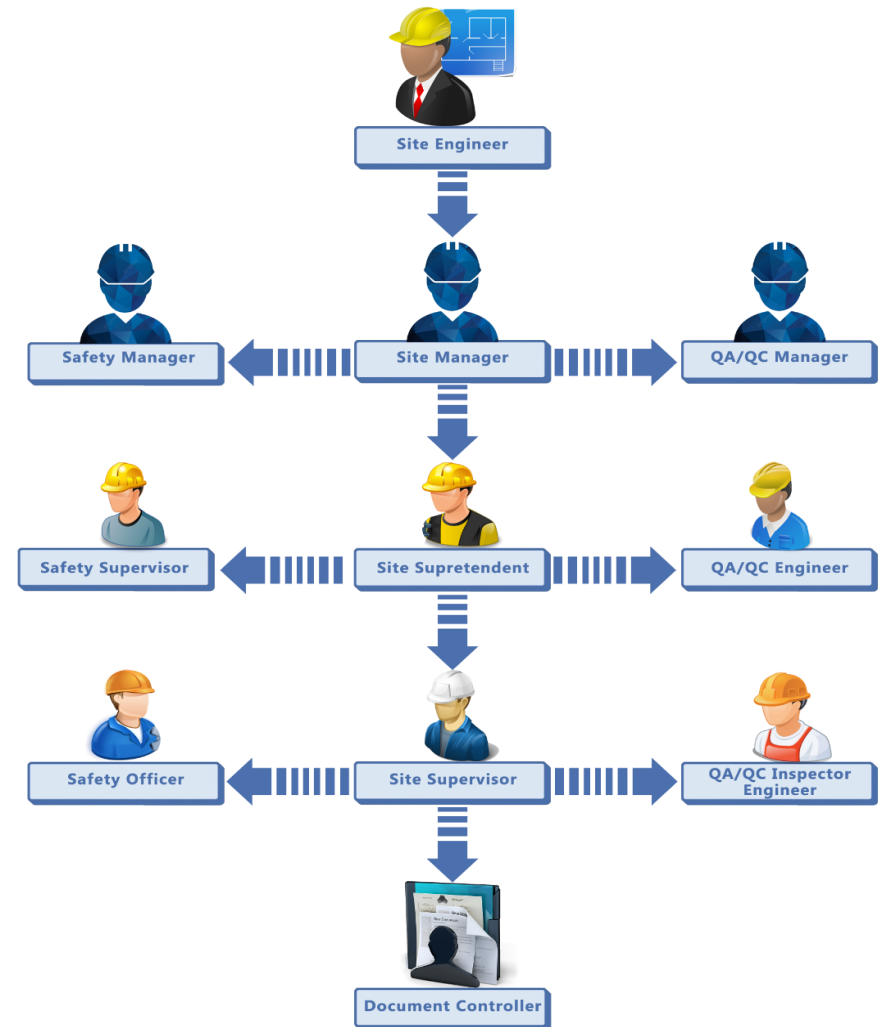

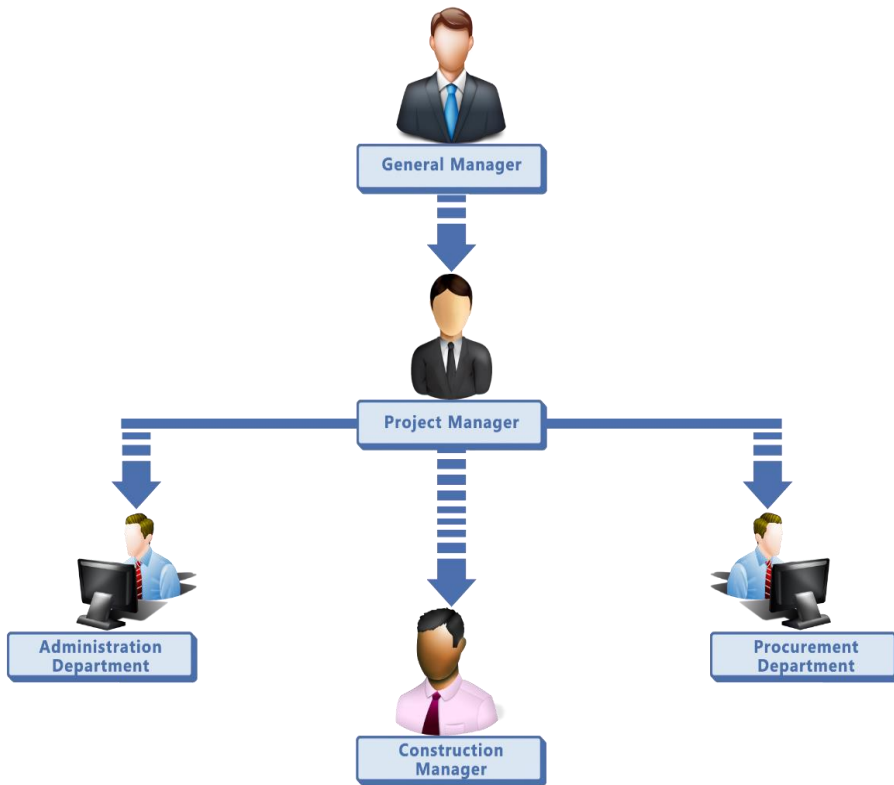

Knowledgeable and safety conscious employees utilizing safe techniques, equipment practices are the cornerstone for the success of our goal.

All members of our organization understand safe work practices take precedence over shortcuts and expedient actions. They have moral, legitimate, legal responsibility to follow our established standards indicated in this program. Management and employees are bound to agree that safety is moral, legitimate, obligation in line with business objectives and instructions of Construction Safety Manual and other related requirements.

We will also adhere to the additional measures, which protect injury of personnel and damage to properties.

Planning Engineers (Mechanical)	QA/AC Engineers (Civil/Piping)	Site Male Nurse
Planning Engineers (Electrical)	QA/AC Engineers (Welding)	Fabricators
Planning Engineers (Instrumentation)	Scaffolding Inspectors & Supervisors	Riggers
Planning Engineers (Civil/Piping)	Painting & Coating Inspector	Welders
Reliability Engineers (Mechanical)	Indus. Electrical Tech.	Scaffolders
Reliability Engineers (Electrical)	Indus. Mechanical Tech.	Office Staff
Planning Engineers (Instrumentation)	Instrumentation Tech.	Document Controllers
Planning Engineers (Civil/Piping)	Safety Manager	Skilled Labors
QA/AC Engineers (Mechanical)	Safety Supervisors	Semi Unskilled Labors
QA/AC Engineers (Electrical)	Safety Officers	Heavy Equipment Operators
QA/AC Engineers (Instrumentation)	Auto Cad Draft Man	Heavy & Light Drivers

Trading & Supply

At RAS Arabian General Contracting est., we supply STEEL PIPES, FLANGES, FITTINGS, VALVES, GASKETS, STUD BOLTS of all steel Standard and Grade/Specification for the Oil & Gas (upstream, downstream, and midstream), the Petrochemical Industries, Construction, Marine and Other Process Industries.

Product Types & Description

(All Sizes) Pipes Carbon Steel	Stainless Steel	Valves Gate Valves, Globe Valves, Check Valves
Ductile & Alloy Steel (ERW, Seamless, Spiral)	High Pressure (CS, SS), Low Pressure (Malleable Iron)	Hex Bolts, Hex Nuts, Fasteners Stud Bolts, U-Bolts, Shoulder Bolts
SSAW Pipes with all standard internal and external coatings Fittings Butt Weld	Forged Steel Flanges Mild Steel (CS, SS)	Butterfly Valves & Strainers (Material – SS, CS, Bronze, Brass, Cast Iron, Cast Steel)
Threaded Flanges, Slip-On Flanges	Blind Flanges, Welding Neck Flanges, Socked Weld Flanges	
Our Austenitic stainless steel: 304, 304L, 304H, 316, 316L, 316Ti, 316H, 321, 321H, 347/H, 310S, 317L, 904L, S31254/SMO254	Duplex steel: S31803//F51, S32205/F60 Super duplex: SAF2507/S32750/F53, S32760/F55	
Nickel alloy: N084400400/, N06625625/, N08825825/, N10276/C276, 800800/H, 600600/H		

Heavy Equipment Rental Division

At RAS Arabian General Contracting est. We deliver long, Medium- & Short-term rental all type of Heavy Equipment and Vehicles with 24 / 7 on call crew for maintenance & Services

Mobile Crane	Generator
Boom Truck	Grader
Man Lift	Loader
Man Lift (Electrical)	Trailer
Forklifts 5 to 10 Ton	Boom Truck
Scissor Lift	Telehandler

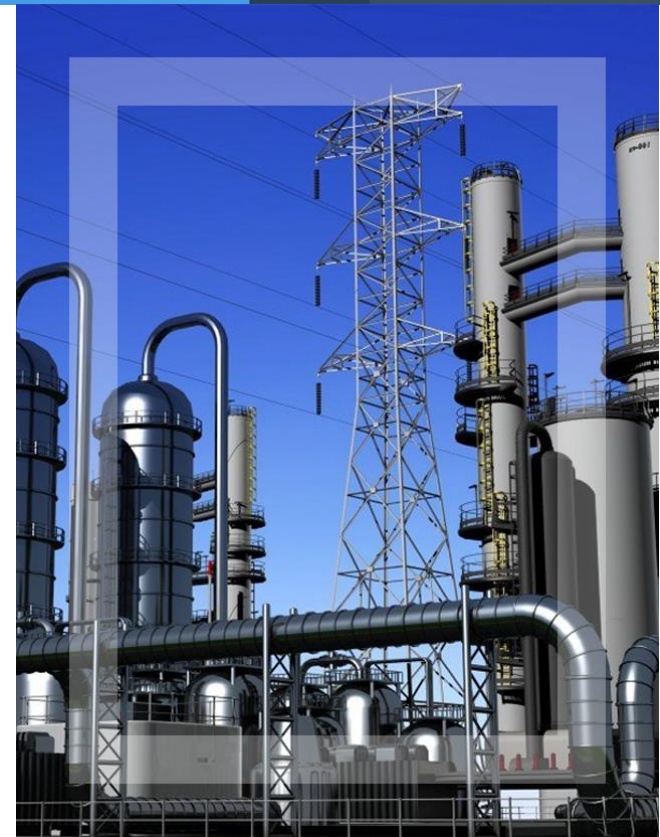

Fabrications Division

Specialist manufacturer of custom-built process equipment for end users in the core sectors of Global Economies such as Oil & Gas Processing, Refineries, Petrochemicals, Fertilizer, Power & Desalination and Chemical Process Industries.

Established In 2016 over the last four years. **RAS Arabian General Contracting est.** has executed an impressive list of project orders and provided quality products and services to its esteemed clients from its fabrication facility in al Jubail Saudi Arabia.

RAS Arabian General Contracting est. current product range includes a wide range of process equipment's such as Pressure Vessels, Reactors, Distillation / Fractionating Columns, Towers, Shell & Tube Heat Exchanges, Scrubbers, Cyclones, Flare Stacks & Flare Tips, Silencers, Skid Mounted Process Systems, Process Tanks, Pressure Piping And Piping Components.

RAS Arabian General Contracting est. has in house cold plate rolling capacity up to 150mm thickness and extensive experience in the welding of Ferrous and Nonferrous Alloys, Clad Steels and Exotic Material Quality Assurance and Quality Control Departments are staffed by professionally qualified and experienced engineers, most of them with Asnt Level Ii & Level Iii qualifications in Nondestructive Examination, and Aws/cswip qualification in welding.

Mechanical Works

At RAS Arabian General Contracting est. during a construction project many different specialties are required, and at some stage in the process, there will be a need for a mechanical contracting company. This company hires out mechanical contractors and engineers that design, build, and maintain a variety of processes and devices within a construction project. It could be on a small scale in a residential home or a large-scale project such as a factory or an office building.

Generally, a mechanical contractor is in charge of heating or cooling systems, refrigeration, piping, and plumbing. They have an extensive range of expertise that when put together, comprises a huge part of creating and maintain a building so that it fulfills its purpose.

Anything with mechanical parts will require the attention of a mechanical contractor, whether for production, installation, or ongoing maintenance and repair.

- Construction, Repair & Maintenance of Offshore and Onshore Pipelines And Its Facilities
- Construction & Maintenance Of Bulk Storage Vessels, Tanks & Silos
- Fabrication, Installation/erection Of Structures, Plants, Machineries and Support Equipment
- Fully Equipped State of The Art Fabrication Facilities
- Complete Shutdowns, Gull Overhauls, Maintenance Services for Plants
- All Kinds of Industrial Welding and Fabrication
- Design, Supply and Installation Of Complete Fire Protection Systems For Industrial Plants
- Heating, Ventilation and Air-conditioning Systems, Hvac For Industrial Plants
- Sheet Metal Fabrication
- Scaffolding

Our Services

- GRP / RTR Pipes Installation.
- Butt and strap Joint.
- Double Bell Coupling joint.
- Flange Joint.
- HDPE Installation aboveground and underground.
- Aboveground and underground FRP tanks Installations.

The installation must be in compliance with the standards and the guidelines laid by the pipe manufacturer.

Laboratory Equipment & Consumables

RAS Arabian General Contracting est. Laboratory equipment refers to the various tools and equipment used by scientists working in a laboratory: The classical equipment includes tools such as Bunsen burners and microscopes as well as specialty equipment such as operant conditioning chambers, spectrophotometers, and calorimeters.
